

## Introduction

### 1. Reverse Engineering

#### 1.1. Function Address

#### 1.2. Basic ASM

#### 1.3. Cyborg Secrets

#### 1.4. Towers of Toast

#### 1.5. Police Records

### 2. Web Exploitation

#### 2.1. No Comment

#### 2.2. Internet Inspection

#### 2.3. Delicious

#### 2.4. Injection 1

#### 2.5. Potentially Hidden Password

#### 2.6. secure\_page\_service

#### 2.7. Make a Face

#### 2.8. Injection 2

#### 2.9. Injection 4

#### 2.10. Steve's List

### 3. Cryptography

#### 3.1. Caesar

#### 3.2. The Valley of Fear

#### 3.3. ZOR

#### 3.4. Substitution

#### 3.5. Repeated XOR

#### 3.6. RSA

#### 3.7. ECC

#### 3.8. Low Entropy
